**(S) Validate that elements are present
with executive customers users page**

**(F) Validate executive customers page
functionality**

The screenshot shows a user interface for managing customers. On the left is a dark sidebar with navigation items: Dashboard, Lookups, Users (selected), All Users, Partners, Customers, and My Applications. The main area is titled 'Customers' and shows a table of customer records. A context menu is open over the first row of the table, listing options: Edit, Change Status, Resend Email Verification Link, Change Password, and another three options partially visible. The table columns are labeled: ID, EMAIL, MOBILE NUMBER, TYPE, STATUS, and ACTION.

ID	EMAIL	MOBILE NUMBER	TYPE	STATUS	ACTION
1	ne...@shield.com	+971 660066006	Customer	Active	<input checked="" type="checkbox"/> Edit

java.Scenario)

**(S) Validate that elements is present with
executive create service area page**

**(F) Validate executive create service area
page functionality**

The screenshot shows a user interface for creating a service area. On the left is a dark sidebar with navigation items: Dashboard, Lookups, Service Category, Service Areas, Services, Attributes, Users (selected), and My Applications. The main area is titled 'Create Service Area' and shows a modal dialog with a green checkmark icon and the text 'User logged in successfully'. The background page shows a table with a single row, likely representing the service area being created.
